MESSAGE FROM GREEN COUNCIL CHAIRPERSON

Dear friends of Green Council,

Welcome to the Presentation Ceremony of the Hong Kong Green Awards 2023 cum Green Council Dinner Gala! On behalf of the Green Council, I want to express our deep appreciation for your presence at this esteemed Ceremony and, more importantly, for your dedication and contributions towards environmental protection. Your support enables the Green Council, a non-profit and non-partisan environmental organisation and certification body, to actively pursue its mission of promoting environmental protection and sustainable practices.

I would also like to extend my congratulations to all the winners for their remarkable accomplishments. It is truly inspiring to witness a record number of awardees this year. This indicates that more companies and organisations recognise the significance of prioritising environmental protection through sustainable practices. As more individuals in our society unite to combat climate change, we are optimistic about achieving the target of reducing carbon emissions by half before 2035 and attaining carbon neutrality by 2050.

While we are grateful for the sense of security that the post-pandemic era has brought us, we must not to overlook the ongoing threats posed by the climate change and environmental degradation to our natural surroundings. The global stocktake, which serves as an evaluation of collective progress towards meeting the goals outlined in the Paris Climate Change Agreement, is set to conclude at the UN Climate Change Conference (COP28) later this year. However, the global stocktake will merely be another report unless governments and their constituents can examine it and grasp its implications, as well as determine their subsequent actions. This applies equally to businesses, communities, and other key stakeholders.

Lastly, I would like to express my deepest gratitude to the organising committee members, judges, and the Green Council team for their invaluable efforts in making the Hong Kong Green Awards 2023 a tremendous success.

Once again, thank you, and best wishes to all.

A handwritten signature in black ink, appearing to read 'Shih Wing-ching'.

Mr. Shih-Wing-ching
Chairperson
Executive Committee
Green Council

MESSAGE FROM GREEN COUNCIL CHIEF EXECUTIVE OFFICER

Dear friends and distinguished guests,

This year marks the 23rd anniversary of the Green Council (GC)! Over the past 23 years, GC has grown and evolved into a beacon of excellence and innovation. We have overcome challenges, embraced change, and achieved remarkable milestones together. This anniversary not only marks a significant milestone in our “from green to sustainability” journey, but also symbolises the commitment of our network members and stakeholders.

In partnership with the Water Supplies Department (WSD) of the HKSAR Government, GC successfully organised the Enterprises Cherish Water Campaign (ECH2O) and held the ECH2O Awards Ceremony to commend the contribution made by the participating organisations and staff to water conservation. The ECH2O has garnered the participation of 624 commercial and industrial organisations. All participating premises have achieved a significant reduction in overall water consumption in 2022 by 5 per cent, or about 500 000 cubic metres, which is equivalent to 200 Olympic-size swimming pools. I would like to express heartfelt gratitude to all the organisations for their active participation in the ECH2O and remarkable achievements in reducing water consumption.

Waste is one of the top three sources of carbon emissions in Hong Kong. The Municipal Solid Waste (MSW) charging will be implemented on 1st April 2024. GC is excited and proud to support the Government's waste reduction strategy as always. GC is commissioned by the Environmental Protection Department (EPD) as a training contractor to provide cleansing services companies with the essential knowledge of the statutory requirements and implementation details of MSW charging. Entering its second year of operation, the EPD's Recycling Store - GREEN@Happy Valley, managed by GC, continues to provide convenient recycling support to the community, collecting an average of 25 tonnes of recyclables per month.

Internationally, we continue to make our engagement known and appreciated. GC has successfully become an admitted NGO of the United Nations Framework Convention on Climate Change, which enables us to attend Conference of the Parties (COP) meetings as an observer organisation. Not only will we be able to bring the latest information back to our network and stakeholders, but we will also be able to pursue and forge new alliances with other like-minded entities operating around the world.

I am happy to announce that this year the Hong Kong Green Awards has a record number of applications! Most of the questions were upgraded to incorporate elements of Environmental, Social and Governance (ESG) and carbon reduction into the award criteria. GC will continue to broaden and strengthen our Awards to reflect the latest changes in regulations, policies and trends.

UNSDG ACHIEVEMENT AWARDS HONG KONG

The third United Nations Sustainable Development Goals Achievement Awards Hong Kong was organised to identify and recognise organisations with exceptional performance on their business practices and sustainability projects that meet the Sustainable Development Goals (SDGs). As an "Accredited NGO" officially recognised by the United Nations Environment Programme (UNEP), it is GC's intention and duty to help promote, pursue and advance the 17 SDGs.

With the efforts and positive momentum achieved this year, I am confident that I will be able to further enhance and complement our work programme. While current initiatives will expand and evolve, more unique and complementary initiatives will be introduced to guide and assist our network members as well as other stakeholders in their sustainability transformations.

In closing, I would like to take this opportunity to express my sincere appreciation and gratitude to the Executive Committee Members for their guidance, assistance and support, as well as my amazing team! Lastly, congratulations to all awardees! You have all made great contributions. I anticipate and look forward to your continued and even more impressive contributions in the future.

Ms Linda W P Ho
Chief Executive Officer

CONGRATULATORY MESSAGES

Mr. KS VENKATAGIRI

CHAIRPERSON

GLOBAL ECOLABELLING NETWORK

A very special congratulations to all the team and those nominated for awards at the annual "Hong Kong Green Awards (HKGA)".

These awards are a highlight in the global sustainability calendar and have celebrated leadership for sustainability since 2010.

The awards are an important platform to recognise businesses with outstanding green strategies and performance as well as exceptional operational environmental management systems, governance, and practices.

In this the 14th HKGA comprises of five awards categories, namely "Sustainable Procurement Award", "Green Management Award", "Environmental, Health and Safety Award", "Corporate Green Governance Award" and "Innovative Initiative Award".

To all the nominees and winners, thank you for your service and contribution to making our whole world a better place.

陳燕平先生

國際綠色採購網 (IGPN)

主席

政府、企業、私營機構、市民聯合起來，對推動創新、促進可持續發展具有巨大力量。創新做法，通過多方合力形成可應用、可複製的有效模式，創建和引領香港可持續的生產和生活模式，取得積極成效，這正是香港“綠色企業大獎”推行多年的生命力所在。希望更多的企業參與“綠色企業大獎”，為香港高質量和可持續發展注入源源不斷的動力！

HONOURARY ADVISORS

MR CHRIS OANDA

PRESIDENT

**THE INTERNATIONAL
FEDERATION OF
PURCHASING AND SUPPLY
MANAGEMENT IFPSM**

IFPSM is privileged to be among the private and public sector players who have embraced and supported the Hong Kong Green Awards since its launch in 2016 by embracing green procurement and consumption policies as best practices.

The Earth remains our only home for humanity and other species that occupy our ecosystems in the air, land and aquatic habitats.

Extensive research has confirmed that human activities have significantly contributed to the deterioration of the climate with severe consequences. Summers are hotter while winters are warmer. Snow and forest cover have diminished while deserts have expanded! Air pollution is worse than ever.

At the IFPSM, we advocate that procurement and supply chain practice can make positive contributions. Green procurement can improve sustainability. Choosing biodegradable or recyclable products, can reduce disposable waste.

IFPSM encourages and congratulates the Hong Kong Association as leading partner for promoting sustainability.

CONGRATULATORY MESSAGES

ORGANISING COMMITTEE AND JUDGING PANEL

Ms AU YUEN LING, WINNIE

VICE CHAIR

THE CHARTERED INSTITUTE
OF PROCUREMENT & SUPPLY
(CIPS) -
HONG KONG BRANCH

It is my great honor to congratulate the Hong Kong Green Awards (HKGA) Winners for their excellent achievements in sustainability management. These Winners come from various sectors. They develop sustainability vision, gain support from a wide spectrum of stakeholders and drive their sustainability journey with remarkable results. I am very impressed by their whole-hearted commitments to build a sustainable future for their companies, for Hong Kong and our next generation.

I also wish to congratulate the Green Council for uplifting HKGA to new heights year by year. Their thoughtfulness, pursuit for excellence and their extensive network with international sustainability organizations all contributed to their great success.

The CIPS HK Branch is very delighted to collaborate with the Green Council and look forward to joining hands to deliver further contributions to Hong Kong.

IR CHENG HOK HING

CHAIRMAN

THE CHARTERED INSTITUTION OF
WATER AND ENVIRONMENTAL
MANAGEMENT HONG KONG

On behalf of the Chartered Institution of Water and Environmental Management Hong Kong, I would like to extend heartiest congratulations to all the award recipients of the Hong Kong Green Awards 2023. The award recipients this year demonstrate outstanding commitment and achievements.

For 14 years, the Hong Kong Green Awards has recognized businesses and organizations that demonstrate leadership in environmental stewardship through sustainable procurement, green management practices, strong EHS performance as well as innovative initiatives. This has inspired many in the Hong Kong business community to invest in green operations.

CIWEM Hong Kong appreciates the work of the Green Council in promoting sustainability. We congratulate all award winners for their efforts and contributions towards a greener Hong Kong.

MR. CHOW CHEE PING, JUDE

DEPUTY CHAIRMAN

A CHAIRMAN'S COMMITTEE MEMBER
AND CHAIRMAN OF GROUP 26
(ENVIRONMENTAL INDUSTRIES COUNCIL)

VICE-CHAIRMAN, ESG COMMITTEE

FEDERATION OF HONG KONG
INDUSTRIES

AR PROF ADA Y S FUNG, BBS

PRESIDENT

HONG KONG ALLIANCE OF BUILT
ASSET & ENVIRONMENT INFORMATION
MANAGEMENT ASSOCIATIONS, CUM
CHAIRPERSON OF HONG KONG CHAPTER
OF BUILDING SMART INTERNATIONAL

It is with great pleasure and excitement that I extend my warmest congratulations for all the achievements of the 14th Hong Kong Green Awards.

Since 2000, Green Council has been dedicated to promoting environmental protection, recognize and encouraging corporate responsibility towards the environment. The Hong Kong Green Awards have gained widespread recognition in corporate and society and it has made significant contributions to Hong Kong. May I wish the Green Council continued success in reaching even greater heights.

For more than a decade, the Green Council has been organizing the annual "Hong Kong Green Awards" (HKGA) with remarkable achievements, as we see a steady growth of participants over the years.

The 14th HKGA successfully gives recognition to deserving businesses who contribute their best towards sustainability, comprising five categories of sustainable procurement, green management, environmental, health and safety, corporate green governance, and innovative initiative.

May I offer my warmest congratulations to all the award winners for their outstanding green purchasing strategies and performance levels as well as exceptional operational environmental management systems, governance and practices. They all deserve another round of applause for their exemplary performance. I have high hopes that they will continue to lead the way as role models in society.

May I thank and congratulate the Green Council for the brilliant results in organizing a most successful HKGA 2023.

DR. LOBO FUNG

PRESIDENT

HONG KONG INSTITUTE OF
CERTIFIED PROPERTY MANAGERS

On behalf of the Hong Kong Institute of Certified Property Managers, I have great pleasure in congratulating Hong Kong Green Awards 2023.

In the face of the global climate change, every company should make efforts to help protect the environment and reduce carbon emissions. Hong Kong Green Awards organized by the Green Council since 2010 plays a very important role in elevating Hong Kong as a sustainable city.

I am sure that, with the effort of the Green Council, it will continuously contribute for the advancement of the environmental protection industry and the sustainable development of our community.

May I wish the Green Council every success in its endeavors!

PROF. HO KIN CHUNG, BBS, JP

INSTITUTE OF HONG KONG AND
DIRECTOR OF THE BAUHINIA
RESEARCH STATION IN THE ARCTIC

人人環保 代代傳承
綠色企業 優化社會

My heartiest congratulations to the successful organisation of Hong Kong Green Awards and the achievements of the various Awardees in environmental sustainability!

Ms LINDA W P HO
CHIEF EXECUTIVE OFFICER
GREEN COUNCIL

On behalf of the Green Council, I extend my sincere congratulations to all awardees of the Hong Kong Green Awards 2023! Also, I would like to express my gratitude to the HKGA Organising Committee and Judging Panels for their dedicated efforts in supporting this year's awards.

We have witnessed a growing number of applicants with their outstanding performance. This remarkable response signifies a growing dedication among companies towards environmental protection and sustainable development. Together, we work towards a greener and more sustainable future.

Ms GRACE KWOK
DIRECTOR
HONG KONG INSTITUTE OF
QUALIFIED ENVIRONMENTAL
PROFESSIONALS

My heartfelt congratulations to the Green Council's tremendous success of the Hong Kong Green Awards 2023! It is truly a remarkable recognition that not only celebrates outstanding achievements but also inspires businesses to strive for greater environmental responsibility. I am confident that, as an esteemed tradition and legacy of the Green Council, the Awards will continue to showcase exemplary initiatives and inspire others to take actions. For that, I commend the Green Council for its unwavering commitment and dedication in promoting environmental excellence over the years.

On behalf of Hong Kong Institute of Qualified Environmental Professionals, I extend my congratulations to all the winners and finalists, and my warmest wishes for the continued success of the Awards and the Green Council in the future, leading the way in fostering environmental stewardship and sustainable development. I look forward to further collaborations and endeavors from all sectors that will contribute to a greener and sustainable Hong Kong.

MR. VICTOR KWONG
CHAIRMAN OF ENVIRONMENTAL
COMMITTEE
INSTITUTE OF
ESG & BENCHMARK

Congratulations to the winners of the Hong Kong Green Awards 2023! In the face of the severe impacts of climate change and rising serious occupational accidents to Hong Kong, their outstanding efforts and achievements in sustainability are truly commendable.

Hong Kong's recent experiences with super typhoons, extreme flooding, landslides, and scorching summers have highlighted the urgent need for climate resilience and adaptation. The winners' dedication to carbon reduction, ESG achievements and promoting occupational safety and health performance is a vital step towards a more sustainable future.

By setting an example and showcasing innovative sustainable solutions, the winners inspire others to follow suit and contribute to a greener Hong Kong. Their commitment to sustainability serves as a beacon of hope, demonstrating that positive change is possible.

Once again, congratulations to all the winners of the Hong Kong Green Awards 2023.

IR PROF C.F. LAM

EXECUTIVE COMMITTEE
MEMBER

HONG KONG GREEN
STRATEGY ALLIANCE

My heartfelt congratulation to Green Council for launching the Hong Kong Green Awards 2023 successfully.

Since its inception in 2010, the Hong Kong Green Awards serve as a strong impetus for driving green evolution for businesses. The awards have been recognized as the "Green Oscar Prizes" of Hong Kong. All the winners demonstrate exemplary green performance in various aspects like corporate governance, strategic procurement and operational environmental management. This year a new category of "Innovative Initiative Award" is added to recognize green innovation which is one of the prime success factors for businesses in an increasingly complicated operating environment.

I am proud of being a member of the judging panel over the last 14 years. Besides selecting the outstanding green performers, I also learn a lot from the entities for their persistent, thoughtful and innovative strategies and actions for champion.

I look forward to seeing the Hong Kong Green Awards as a continual driving force towards sustainability in the years ahead. Congratulations to all the winners. Well done and keep up with your good efforts!

MR. OSCAR LEE

CORPORATE RELATIONSHIP
OFFICER

THE CHARTERED INSTITUTE
OF PROCUREMENT & SUPPLY
(CIPS) -
HONG KONG BRANCH

Congratulations to all the participants and winners of the Hong Kong Green Awards 2023! It is with great admiration and pride that we celebrate your outstanding achievements in environmental sustainability. Your dedication and commitment to creating a greener future for Hong Kong are truly commendable. Through your innovative initiatives, you have set new benchmarks for environmental excellence and inspired others to follow in your footsteps. Your unwavering commitment to reducing carbon footprints, conserving resources, and fostering eco-friendly practices sets a shining example for the entire community. Your achievements not only benefit the environment but also contribute to the overall economic and social well-being of Hong Kong. We applaud your vision, innovation, and perseverance in shaping a greener and more sustainable future. May your success inspire others to embrace sustainable practices and work towards a healthier planet for generations to come!

It is always my honour and privilege to be invited to the Judging Panel for the Hong Kong Green Awards.

The vital importance of ESG is widely recognized, but sometimes the attention to individual aspects of Environment, Social and Governance may not be too obvious to the public, therefore it is gratifying to note that our Green Award places an important emphasis on governance aspects.

Good governance ensures a high level of transparency of the policies and directions of an organization and enables an effective check and balance of the various activities of their business. It also allows early warning in the event of crisis and facilitates early corrective actions for healthy operation.

Year on year, I note that our contestants have submitted projects of high quality and shown good attention to all three components of ESG. This confirms their understanding of these vital pillars supporting the solid foundation of successful organizations.

The Hong Kong Institute of Directors will join hands with The Green Council to strongly promote a high standard of Corporate Governance to help to achieve this goal.

IR. EDMUND K H LEUNG
SBS OBE JP FHKIoD

DEPUTY CHAIRMAN

THE HONG KONG INSTITUTE
OF DIRECTORS

Congratulations to the Green Council on successfully organizing the Hong Kong Green Awards which is an influential program that recognizes and promotes environmental sustainability in every sectors.

Green Council play a vital role in inspiring organizations and individuals in spreading awareness in environmental sustainability and driving behavioral change in the adoption of sustainable practices, integrates with global standards. The award program helps create a more sustainable future for Hong Kong.

IR DR TOMMY LO

PRESIDENT

HONG KONG INSTITUTION OF
CERTIFIED AUDITORS

On behalf of the Hong Kong Institute of Construction Managers (HKICM), I am most delighted to offer my warmest congratulation to the Green Council on Towards the 14th Hong Kong Green Awards (HKGA).

HKGA recognises businesses with outstanding green purchasing strategies and performance levels as well as exceptional operational environmental management systems, governance, and practices. We are confident that the Hong Kong Green Awards will build on its solid foundation and continue to make valuable contributions to advancing the growth and prosperity of Hong Kong.

May I send our best wishes to the Green Council for every success in the years to come. We look forward to continuing the great cooperation between our two organizations in the years ahead.

CR MANG KA WING TERENCE

PRESIDENT

HONG KONG INSTITUTE OF
CONSTRUCTION MANAGERS

My congratulations to the Hong Kong Green Awards winners this year! All the participating organizations have demonstrated excellently in their commitments and proactive practices in achieving their sustainability goals. Particularly in the "Sustainable Procurement Awards", organizations not only have clear missions to provide net zero solutions, but also perform the green procurement practices in line with ISO20400.

More importantly, the continued great successes of the Green Council in leading and promoting Hong Kong as a Smarter and Sustainable City has well recognized improvements, this is crucial to save our planet, and delay the global warming to global boiling.

Recently, the great effort made by Green Council to start the Asia Carbon Institute in Hong Kong is another major move to accelerate transition towards climate neutral economy. My congratulate to Green Council's leadership in this area.

I would also like to congratulate the excellent teamwork and leadership behind the Green Council in organizing and promoting the Green and Clean Education in Hong Kong. Reach and Beyond!

PROF. NG WAI KWAN,
STEPHEN

PRESIDENT

INSTITUTE OF PURCHASING &
SUPPLY OF HONG KONG

It is my great pleasure and honor to congratulate Green Council for successfully organizing the Hong Kong Green Awards 2023. The Hong Kong Green Awards recognizes businesses strongly supporting sustainable development and a green economy in Hong Kong. As a reputable environmental NGO and certification body, Green Council has engaged corporate sectors and the community substantially with various quality environmental initiatives. The Hong Kong Green Awards scheme is an excellent example of the Green Council's important role in serving as a platform to explore and develop green purchasing strategies and various sustainable concepts. The fruitful 14th anniversary of the Hong Kong Green Awards has solidly reflected the invaluable contribution of Green Council in Hong Kong's future sustainability road map.

IR PROFESSOR KAIMIN SHIH

DEPUTY HEAD OF THE
DEPARTMENT

DEPARTMENT OF CIVIL
ENGINEERING

THE UNIVERSITY OF HONG KONG

I am honoured to be a Panel Judge of Hong Kong Green Awards 2023. On behalf of Hong Kong Construction Association, I would like to extend my heartfelt congratulations to Green Council and all the deserving winners for the successful Green Award this year.

The exceptional green purchasing strategies, environmental management systems, governance and innovations demonstrated by the winners this year have showcased their unwavering commitment to creating a greener future. Compounded with the Green Council's continuous efforts in promoting sustainability and environmental initiatives, their contributions will not only benefit the environment, but also making a remarkable impact on Hong Kong's journey towards becoming a sustainable smart city as more companies are inspired to follow suit.

Hong Kong Construction Association look forward to collaborating with Green Council and industry partners to create a brighter and greener Hong Kong.

MR. WONG SIU HAN, REX, JP

HONORARY SECRETARY

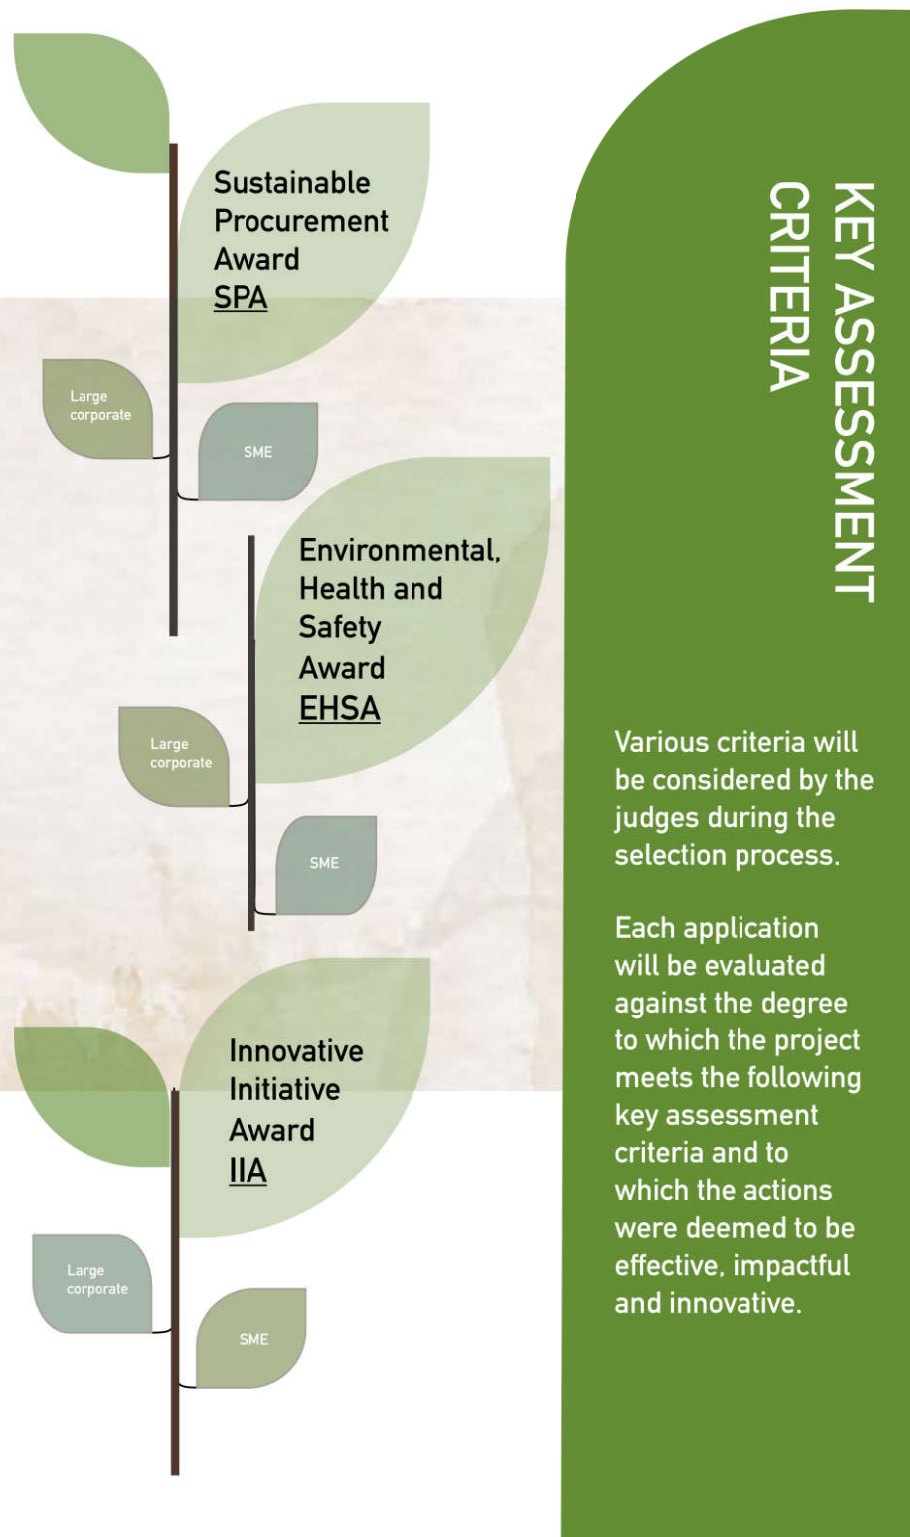

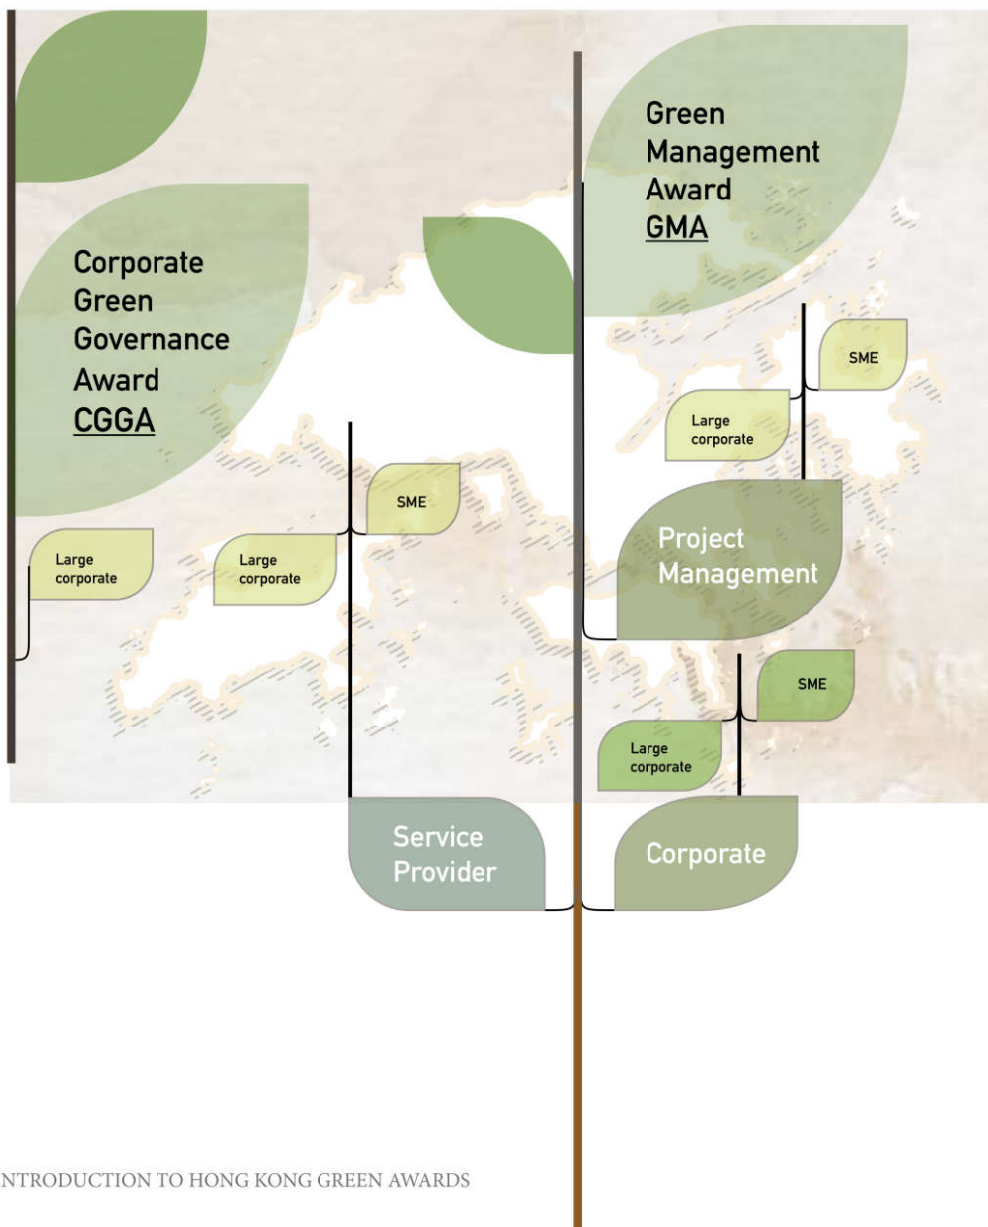

HONG KONG CONSTRUCTION
ASSOCIATION

ABOUT HONG KONG GREEN AWARDS

Hong Kong Green Awards (HKGA) aims to encourage all large corporations and SMEs to include environmental considerations, responsibility, management, performance, continuous improvement and leadership in their operations, thereby enabling them to present themselves as businesses with strong and desirable environmental performance improvement priorities and accomplishments.

AWARDS CATEGORIES

KEY ASSESSMENT CRITERIA

Various criteria will be considered by the judges during the selection process.

Each application will be evaluated against the degree to which the project meets the following key assessment criteria and to which the actions were deemed to be effective, impactful and innovative.

AWARDS

ASSESSMENT CRITERIA

The Corporate Green Governance Award (CGGA) incorporates the following FIVE (5) assessment criteria:

- Corporate Vision
- Management Systems
- Environmental Monitoring and Reporting
- Stakeholder Engagement
- Corporate Leadership

The Green Management Award (GMA) - Corporate incorporates the following EIGHT (8) assessment criteria:

- Policy, Strategy and Leadership
- Energy Efficiency
- Water Conservation
- Waste Management
- Air Pollution Control / Indoor Air Quality Control
- Combating Climate Change / Carbon Footprint Reduction
- Green Procurement / Sustainable Procurement
- Promotion, Training, Communication and Partnership

The Green Management Award (GMA) – Service Provider incorporates the following EIGHT (8) assessment criteria:

- Policy, Strategy and Leadership
- Energy Efficiency
- Water Conservation
- Waste Management
- Air Pollution Control / Indoor Air Quality Control
- Combating Climate Change / Carbon Footprint Reduction
- Green Procurement / Sustainable Procurement
- Promotion, Training, Communication and Partnership

The Green Management Award (GMA) – Project Management incorporates the following EIGHT (8) assessment criteria:

- Environmental Management and Public Relations
- Noise Pollution Control
- Air Pollution Control
- Water Pollution Control
- Waste Management –
- Avoidance, Reduction, Proper Treatment and Handling
- Energy Management and Efficiency
- Site Cleanliness and Tidiness
- Green Procurement

The Environmental, Health and Safety Award (EHSA) incorporates the following EIGHT (8) assessment criteria:

- Business Operation
- Policy, Strategy and Leadership
- Management Processes
- Operational EHS Programmes
- Promotion, Communication and Partnership
- Performance Measurement, Checking and Information Management
- EHS and Business Performance
- EHS Case Study

The Sustainable Procurement Award (SPA) incorporates the following FIVE (5) assessment criteria:

- Procurement Governance
- Supply Chain Risk Management
- Economically, Socially and Environmentally Responsible Procurement Practice
- Supplier Collaboration and Innovation
- Climate Action on Supply Chain

The Innovative Initiative Award (IIA) incorporates the following FOUR (4) assessment criteria:

- Stakeholder Engagement
- Approach
- Impact
- Replicability

華潤隆地有限公司

華潤隆地獲2022企業綠色管治獎大獎-頒獎現場

華潤物業管理有限公司聯同環境保護署及世界綠色組織合辦「流動環境教育計劃」活動

香港華潤大廈節能管理系統

近年來，華潤隆地在“雙碳”領域持續發力，堅持綠色低碳發展戰略，積極應用和推廣綠色低碳先進技術及產品。2023年，香港華潤大廈智慧能源項目順利完工；昇捷部分管轄大型屋苑利用屋頂鋪設太陽能光伏板；雄安木棉花酒店綜合能源項目確認分佈式光伏安裝計劃，預計年發電量達100萬千瓦時；多個物業按計劃申請既有建築BEAM Plus認證。公司節能減排指標持續向好，各下屬單位常年開展環保回收活動，並充分利用自身業務秉賦，面向社會公眾宣傳簡約適度、綠色低碳的生活方式，倡導綠色行動，積極參與綠色低碳社會治理。

華潤隆地組織員工參加「香港國際海洋清潔運動2022」

華潤隆地歷年所獲香港綠色企業大獎部分獎盃

華潤隆地自2013年開始參加綠色企業大獎評選，在連續參與中不斷審視及完善環保管理體系、加強綠色管治。今年更是將申報項目擴展至在管寫字樓、屋苑、學校、酒店、高端零售等業態，成功榮獲了企業綠色管治獎大獎及卓越環保管理獎(企業)金獎等7個獎項，所獲獎項數量再創新高。

泰國長春置地於世界地球日開展綠植發放活動

華潤隆地舉辦「節約」倡水運動之免費派發水龍頭節水器活動

未來，華潤隆地將堅持不懈履行社會責任，堅定不移推動高質量發展，把握新機遇，加快綠色化、低碳化、智能化發展，為香港邁向碳中和提供不竭動力！

深圳灣木棉花酒店綠色低碳出行活動

雄安木棉花酒店參與白洋淀區域生態修復與治理

華潤電力控股有限公司

綠色能源 潤澤生活

雲南紅河水電

山西福風風電場

一、履行環境責任，踐行綠色發展

華潤電力堅定不移走綠色化、低碳化道路，讓綠色成為可持續發展的亮麗底色。

我們在助力綠色發展上展現華潤作為。大力推進能源結構低碳轉型，聚焦三北、東南部沿海等資源富集區，持續做好中長期資源儲備與梯次開發；聚焦省級指標、國家級大基地，開足馬力上規模，2022一年獲取的新能源建設指標超越“十三五”時期總和，刷新了歷史最佳成績。

我們在護航低碳轉型上注入華潤力量。建成亞洲首個基於超超臨界火電廠的多線程、多技術的CO₂捕集技術平台；延展應用碳捕集技術，建設國內首個“微藻+乾冰”轉化煙氣CO₂的示範工程，在國內首創綠色固碳供氧技術，並成功應用於深圳國際低碳城會展中心，打造可持續發展的先行樣本。

我們在完善環境治理上踐行華潤責任。將綠色環保理念融入企業發展全生命週期，嚴控污染物排放，旗下燃煤發電機組在2020年已實現100%超低排放改造；致力與城市共生，建設了全球最大污泥耦合摻燒全量處置工程，解決粵港澳大灣區“污泥圍城”難題。

深圳公司城市污泥資源化利用

二、履行社會責任，共創美好生活

作為能源央企，華潤電力始終堅持取予有道、潤澤一方，不負人民群眾對美好生活的嚮往。

我們積極融入鄉村振興。以新能源產業為龍頭、產業集群化為抓手，在湖北赤壁規劃建設“光伏+水系治理+生態農業”於一體的長江經濟帶示範區，在廣西賀州利用閒置鄉村土地、工業廠房建設光伏項目，實現經濟、生態與社會效益有機統一，繪就鄉村振興新藍圖，打造綠色發展新典範。

我們投身慈善公益事業。以愛心助學顯擔當，在廣西、四川等落成和建設7間公益教室，用真情呵護學生成長成才；以促穩崗、擴就業惠民生，充分發揮能源領域上下游產業帶動效應，近3年來為近萬名農村剩餘勞動力提供就業機會；以公益造林促持續，在寧夏海原建設生態公益林1686畝，有效防治水土流失，成為海原涵養水源功能區和生態環境支撐區。

我們扛起能源保供重任。在煤價高企時不計得失、全力以赴，發電量逆勢上揚，累計收到了140多封感謝信；在能源供應緊張時應建快建、切實保供，“十四五”已投產和承諾新增超1000萬千瓦支撐性電源，行業內名列前茅；在人民有需要時應發盡發、頂峰出力，2022年火電利用小時數高於全國平均274小時，機組出力水平達同期最好、可靠性水平達歷年最優，為經濟社會平穩運行提供源源不竭動能。

三、履行治理責任，厚植發展沃土

華潤電力堅持以慎終如始的態度，紮實推進管理體系現代化建設，持續釋放企業高質量發展活力。

強治理，健全現代化管理體系。在董事會架構方面，華潤電力堅持董事會成員多元化，旗下企業實現外部董事占多數，落實董事會重要職權，保障董事會獨立性和權威性。在經理層管控方面，搭建了商業計劃體系、管理月報體系等六位一體的“6S”模式，切實提升運轉效能，推動管理架構更加扁平化、透明化。

築根基，加強合規風險管控。深入推進合規管理體系建設，優化審計監督機制，在全公司範圍內開展內控體系建設與監督工作評價，2022年公司內控缺陷排查全部整改完成。同時，不斷加強風險防控體系建設，成立依法治企、風控與合規管理委員會，制定重大風險監測指標，系統性提高抗風險能力，鑄牢公司高質量發展根基。

創一流，實現科學對標管理。我們把規定動作與創新舉措相結合，在對標世界一流的八大管理主題上增加“可再生能源”與“碳管理”對標主題，並搭建戰略發展能力提升指標體系，包含56項核心指標，定期跟蹤考核與提升情況，得到國資委高度認可。我們把創一流與學標杆相結合，全面開展內部學標杆、提能力，建立了多維指標庫，形成了“比學趕幫超”的良好氛圍，成功入選國務院國資委國有重點企業管理標杆創建行動之標杆企業。

在“雙碳”目標指引下，能源是主戰場、電力是主力軍，踐行ESG理念、構建可持續發展生態，是能源企業實現高質量發展的必修課。華潤電力將以綠色發展為宗旨，大力推動能源結構清潔低碳化，全力踐行“綠水青山就是金山銀山”價值理念；以服務民生為初心，全力彰顯“守護萬家燈火”的核心要義；以企業管治為基石，釋放經營活力，全力實現企業盈利能力和ESG管理水平雙提升。

奮鬥不止，篤行不輟。2023年是全面貫徹落實黨的二十大精神的開局之年，是“十四五”規劃承上啟下的關鍵之年。華潤電力將繼續高舉中國特色社會主義偉大旗幟，緊密團結在以習近平同志為核心的黨中央周圍，與各位朋友攜手，共同擔當可持續發展理念弘揚者、生態文明建設主力軍，為全面構建新發展格局不懈奮鬥！

Alliance Construction Materials Limited

Alliance's purpose is to build a great, liveable city through sustainable concrete and aggregate solutions. In "Alliance Sustainability Ambitions 2030" plan, we set out sustainable pillars and strategic actions to realize the long-term goals.

ESG is fully integrated into our business and supported by a robust governance structure to drive beyond the best practices. Besides offering certified green products, we're the first in the industry to issue Type III Environmental Product Declaration for ready-mixed concrete products. We also provide BEAM+ and LEED service packages to support customers' decarbonization ambitions.

Aligning with the government's "Hong Kong's Climate Action Plan 2050", Alliance has introduced the first battery-electric concrete mixer truck to Hong Kong. Other electric vans we acquired also supported the green logistics vision. Innovation is our important pillar to support sustainable growth. Our digitalization transformation emphasizes workflow automation, app development and Ai technologies. Examples include the e-Docket Customer app and Driver's app.

For plant operation, adopting auto-truck washing & blow dry equipment was a pioneering initiative. We also installed solar PV system in our plants and launched new energy transportation projects to reduce carbon footprint. Besides air quality and noise mitigation measures, green and safe site policies were implemented to enhance work environment and reduce potential environmental impacts. The adoption of road sweeper truck also add value to the surrounding community.

D&G Technology Holding Company Limited

As a responsible manufacturer of asphalt mixing and recycling plant and equipment, D&G Technology is committed to sustainable development in all aspects of its operations. We prioritize formulating and implementing management strategies that align with this commitment.

We have embraced the concept of sustainable development as part of our overall business direction and are dedicated to contributing to the United Nations Sustainable Development Goals (SDGs). To support this, we have identified five SDGs that closely align with our core business and have developed specific strategies to achieve them.

Our Sustainability Committee plays a crucial role in reinforcing environmental governance. It integrates environmental, social, and governance (ESG) considerations into our strategies and helps update our environmental and sustainability strategies to align with long-term goals.

In response to the Chinese government's carbon peaking and neutralization goals, we prioritize low-carbon practices in our technology and product research and development. We are actively formulating goals and measures to reduce carbon emissions and achieve carbon neutrality by 2050, as a significant new ESG target set in 2022.

In conclusion, D&G Technology integrates the principles of the circular economy into our business practices and aims to lead in creating a sustainable and environmentally friendly living and working environment.

DSG Energy Limited

DSG Energy Ltd. always strives to energize the everyday life of our residential and commercial customers in Hong Kong and Macau. We are more than just an LPG supplier – we are dedicated to make a difference to the community and shape a sustainable future.

In 2023, we attained ISO 9001 and ISO 14001 certifications, demonstrating our dedication in quality assurance and achieving high environmental protection standard. To demonstrate our commitment in managing and operating the business under procurement governance, we have launched the Sustainability Guideline and further step ahead to contribute to reduce carbon footprint, aspiring to meet carbon neutrality by 2040. Additionally, we developed a comprehensive supplier qualification scheme to include sustainability as part of supplier assessment criteria.

We also adopt total cost approach to embed life cycle costing concept in contract award evaluation; ensuring not only the acquisition cost, but also energy consumption, maintenance and disposal cost are considered. By upholding these practices, we endeavour to maintain our business sustainable and ensure it operates within the framework of procurement governance.

The Hong Kong and China Gas Company Limited

Towngas implements the online GHG management platform to manage the carbon emissions of different stakeholders in the corporate value chain, especially for upstream suppliers in the assessment of corporate ESG performance.

This will not only help Towngas facilitate the data collection on GHG (scope 3) and improve its overall ESG performance, but also encourage suppliers to address to ESG issues such as climate change and carbon emissions reduction, steering the industry chain towards sustainable development. Through the using of this platform, we can play a leading role in encouraging suppliers to join us in our efforts to reduce GHG emissions.

Towngas was also the first public utility in Hong Kong to complete the ISO 20400 Sustainable Procurement Assessment. Among the product materials' suppliers for Hong Kong business, over 80% have been accredited ISO 14001 and about 70% also got the ISO 45001 certification based on the total purchase value of products and materials. It demonstrates the Company's continued drive for responsible supply chain management.

The Hongkong Electric Co., Ltd.

Being one of the longest-established power companies in the world, The Hongkong Electric Co., Ltd (HK Electric) has been the power behind Hong Kong since 1890, serving about 586,000 commercial and residential customers on Hong Kong and Lamma Islands.

Over the years, HK Electric has contributed immeasurably to the economic and social development of Hong Kong by supplying safe, reliable, clean and affordable electricity. The Company operates its Lamma Power Station, where more than 50% of the power generation is gas-fired and the rest by coal. To support Hong Kong's carbon neutrality mission, HK Electric is continuously increasing its use of gas as well as renewable energy.

By sharing the Company's values and vision, HK Electric works in partnership with its suppliers for mutual benefits and supports the sustainable development of the community. The Company also promotes innovation culture and encourages new ways of collaboration with various stakeholders.

Thanks to the close collaborations with its key suppliers, HK Electric equips a "Selective Catalytic Reduction System" at its new gas-fired unit, L11. This system aids in lowering nitrogen oxide emission during the power generation process, thereby enhancing emission performance. The Company also works actively with its industry partners to operate the Hong Kong first offshore liquefied natural gas terminal, which will further enhance Hong Kong's fuel supply stability by the addition of a new natural gas supply source, facilitating the city's energy transition. Through continuous innovation and robust supplier engagement, HK Electric strives to pave the way towards a cleaner and environmentally friendlier energy landscape in Hong Kong.

Kerry Properties Limited

Kerry Properties Limited is a world-class property company with its major focus on investing in premium quality property developments in Hong Kong and the Mainland.

Sustainability is fundamental to our businesses and operations. To impact society positively while pursuing ongoing success, we have set our path with the *Sustainability Vision 2030* strategy.

Kerry Properties has devised a net zero roadmap for decarbonisation. Embarking on the path to net-zero carbon by 2050, we have launched the Science-based Targets (SBT) setting programmes in the past year to help us achieve carbon neutrality. We also reference the Task Force on Climate-Related Financial Disclosures (TCFD) framework to articulate the implications of climate-related financial impacts, and develop strategic responses for climate mitigation and adaptation.

Kerry Properties has conducted the Climate Risk and Vulnerability Assessment, with a target of completing the assessment in all our investment properties by 2030. Ever mindful to reduce the emissions of our own operations, we put great emphasis on energy efficiency by setting ambitious targets, and investing in eco-friendly technologies. We engage our staff and tenants by launching environmental stewardship initiatives, and manage ESG risks by adopting relevant policies and standards in every aspect of our business.

By creating value with consistent actions, Kerry Properties will strive to play its part as a socially responsible company in building a sustainable future.

ABOUT GREEN COUNCIL

Public and school engagement:

The Green Council is a non-profit making and charitable (Ref. No.: 91/6063) environmental stewardship organisation and certification body (Reg. No.: HKCAS-027) of Hong Kong established in 2000.

Following our motto: **Conservation begins with Education**, the Green Council has a wide range of initiatives that promote environmental protection to students and families through fun and engaging activities. Corporate sponsorship and government support have kept the following programmes going throughout the years.

Certification:

Adhering to various ISO standards and guidelines, the Green Council Certification Scheme (Reg. No.: HKCAS 027) is our professional certification services that enable organisations to demonstrate that their products, processes or systems are compliant with local and international regulations and standards.

Corporate engagements:

For over 20 years, the Green Council has launched many initiatives to help corporates mitigate risks, conduct internal assessments, and strengthen their governance. In addition, as an accredited NGO to the United Nations Environment Programme, and the United Nations Framework Convention on Climate Change, we are uniquely positioned to help promote the latest local and international measures to ultimately help with their sustainability transformation, and transition to a low-carbon economy.

ABOUT GREEN COUNCIL

GREEN COUNCIL HIGHLIGHT OF INITIATIVE

Enterprises Cherish Water Campaign (ECH2O) Awards Ceremony

Currently, non-domestic water consumption accounts for about 45% of fresh water consumption in Hong Kong. In view of this, the Green Council and the Water Supplies Department of HKSAR Government jointly organised the “Enterprises Cherish Water Campaign (ECH2O)” in 2021 to create a collaborative platform for the commercial and industrial sectors to promote water conservation through various activities.

The ECH2O has garnered the participation of 624 commercial and industrial organisations. All participating premises have achieved a significant reduction in overall water consumption in 2022 by 5%, or about 500,000 cubic metres, which is equivalent to 200 Olympic-size swimming pools. Some premises also worked with their suppliers to produce a tailor-made flow controller for their faucets. Many organisations adopted different innovative measures to cherish water including water leakage detection devices, soil moisture sensing automatic sprinkler system, etc.

On 22 March 2023, which is also the annual World Water Day, the first Awards Ceremony of ECH2O was held to commend the contribution made by the participating organisations and staff to water conservation. A total of 180 premises was recognised.

香港環保標籤計劃

獲全球環保標籤組織認可
62個產品環保標準
超過100件產品獲得認證

香港環保標籤計劃是一個獨立及自願參與的計劃，旨在認證同類型較環保的產品。本計劃是根據認可的產品環保標準，頒發環保標籤予對環境損害較少的產品。同時亦鼓勵製造商生產更為環保的產品，從而協助消費者辨別環保產品，推動可持續的消費。

香港環保標籤的認證準則，是按照國際標準化組織ISO(International Organisation for Standardisation)14024 及其他國際認可的標準而釐訂，確保緊貼國際發展趨勢。

香港環保標籤計劃的好處

- 協助消費者區別對環境影響較少的產品
- 鼓勵生產商、出入口商及代理商，生產及引進更多環保產品
- 作為有效的市場推廣工具，以展示產品良好的環保表現
